

West Ada School District's

6th Annual Mental Health Provider Fair

The purpose of the Mental Health Provider Fair is to bring community mental health providers together with school counselors and other school mental health personnel. Knowing what resources are available in our community allows our personnel to better refer students and families, and is vital to the well-being and success of all our students.

WHERE: West Ada School District, 1303 E Central Dr. Meridian, ID 83642, White Cloud Auditorium

WHO WILL ATTEND: All Treasure Valley school counselors, district social workers, school nurses, and school psychologists are invited to attend West Ada's annual Mental Health Provider Fair to meet you; our local community mental health providers!
